Health and Fitness Science (A45630)

The Health and Fitness Science program is designed to provide students with the knowledge and skills necessary for employment in the fitness and exercise industry. Students will be trained in exercise science and be able to administer basic fitness tests, health risk appraisals, teach specific exercise and fitness classes and provide instruction in the proper use of exercise equipment and facilities.

Graduates should qualify for employment opportunities in commercial fitness clubs, YMCA’s/YWCA’s, wellness programs in business and industry, Parks & Recreation Departments and other organizations implementing exercise & fitness programs.

We are proud of our reputation in the community for preparing highly skilled exercise professionals. The Associates degree of Health and Fitness Science is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of The American College of Sports Medicine.

Commission on Accreditation of Allied Health Education Programs
 25400 US Highway 19 North, Suite 158
 Clearwater, FL 33763
 727-210-2350

New Students: See an Admissions Information Specialist on Wake Tech’s Health Sciences Campus
 Enrolled Program Students: See your Faculty Advisor

Certification Employers prefer to hire fitness trainers and instructors who are certified. Most personal trainers are required to be certified before working with clients or with members of a gym. Students are strongly encouraged, upon completion of the AAS degree, to sit for the certified personal training exam.
