WAKE TECHNICAL COMMUNITY COLLEGE
 PROGRAM PLANNING GUIDE
TRANSPORTATION MANAGEMENT (C25620DB)
Certificate

This certificate is designed to give students a broad foundation in transportation management. Emphasis is placed on providing an overview of the major functions of arranging and coordinating the transportation of products globally. Students will also gain an understanding of all activities involved in the flow of products and information between the suppliers, customers, producers, and service providers. Upon completion students will understand the basics of distribution management.

***Prerequisite course LOG-110 Introduction to Logistics must be completed first**
